Oceanbeach Road.

CRAFTED BY

THORNE GROUP

138 Oceanbeach Road

Overlooking the 7th tee of Mount Maunganui Golf Course, 138 Oceanbeach Road brings together architecture, interiors and an established Mount Maunganui setting.

A brand new freehold home designed around generous living, flexibility and the way people actually want to live – now and into the future.

Golf. Beach. Mount life.

There is something enviable about living alongside established green space.

Mount Maunganui Golf Course provides an open, leafy backdrop in the middle of one of the Bay of Plenty's most desirable coastal neighbourhoods.

The 18-hole course and driving range are on the doorstep, while the broader golf club precinct includes a gym, yoga and pilates facilities, making fitness and recreation an easy part of everyday life.

Beyond the fairways is everything the Mount is known for – the beach, swimming, walking, cafés, restaurants and everyday amenities, with Mauao and Mount Mainstreet within easy reach.

It is a location that makes it easy to live well.

138 Oceanbeach Road sits within this lifestyle while offering something increasingly difficult to find – a new architectural home on its own freehold title, in an enviable Mount location.

138 OCEANBEACH ROAD

A cohesive approach to architecture, interiors and building.

One of the strengths of 138 Oceanbeach Road is the team behind it.

Jon McAlpine Architecture, Gezellig Interiors and Thorne Group bring together architecture, interior design, development and construction expertise, with each discipline contributing from the outset.

Rather than approaching architecture, interiors and construction as separate functions, the home has evolved through collaboration – considering how it looks, how it feels and how it will ultimately be built.

Jon McAlpine Architecture

ARCHITECTURE

Gezellig Interiors

INTERIOR DESIGN

Thorne Group

CRAFTED BY

Jon McAlpine

Jon McAlpine Architecture is a multi-award-winning architectural practice. Jon's design philosophy is driven by simple, pure forms. Removing unnecessary elements allows the architecture itself to become clearer and creates a strong, resolved response to the site.

Just as important is the relationship between spaces – understanding how people move through and live within a home, and ensuring form and function work together rather

than independently.

At 138 Oceanbeach Road, that thinking can be seen in the organisation of the home across two levels, the generous pitched ceilings upstairs and the relationship between the primary living spaces and the golf course setting.

The result is architecture intended to feel purposeful rather than complicated.

Annique Heesen

For Annique Heesen, the essence of a home lies in how it makes the people living there feel. Gezellig Interiors approaches each interior as something deeply personal – creating relaxed, comfortable spaces layered with meaningful materials, furniture and objects rather than simply decorating rooms.

Annique's work on 138 Oceanbeach Road brings warmth and character to the architectural framework. Natural stone interiors, painted bandsawn timber, traditional detailing and granite are balanced with more contemporary forms, creating an interior that feels established rather than overly new.

The aim is a home with personality – refined, comfortable and designed to become more individual as it is lived in.

EXCEPTIONAL CRAFTSMANSHIP

Thorne Group

Thorne Group – synonymous with quality and care.

For Thorne Group, 138 Oceanbeach Road is a building project that draws on twenty years of experience delivering architectural homes across the Bay of Plenty, with the build team involved alongside the architect and interior designer throughout the design process.

That early collaboration allows architectural details, materials and construction methods to be considered together – maintaining the design intent while ensuring the home can be built intelligently and efficiently.

The emphasis is not simply on individual finishes, but on how the entire home comes together.

Designed for the way you live

The home is arranged over two levels, with the primary living spaces located upstairs, enjoying views over the fairways.

A generous open-plan kitchen, dining and living area forms the heart of the home, complemented by the master suite and a separate office on the same level.

High-pitched ceilings create volume through the main living area, while feature cabinetry and a statement fireplace bring warmth and definition to the space.

Large expanses of decking extend the living outdoors and strengthen the connection with the golf course setting.

On the lower level, connected by a lift, two further bedrooms and a second living area with a kitchenette create a separate zone for older children, visiting family or guests.

This separation gives the home flexibility without compromising the everyday convenience of having the master suite, office and primary living spaces together upstairs.

Setting: Set against a leafy golf course backdrop in a highly sought-after coastal neighbourhood

Living: Open-plan kitchen, dining and living, master suite and office upstairs

Flexibility: Two further bedrooms and a second living area downstairs

Features: Generous double garaging, lift access and pool

Views: Views towards golf course and Kaimai sunsets

KITCHEN

CUSTOM RANGEHOOD DETAIL

SILVER CLOUD GRANITE

The kitchen is conceived as part of the architecture rather than a separate insertion into it. The design concept includes inset-frame cabinetry, extensive stone surfaces and a modern-traditional rangehood detail.

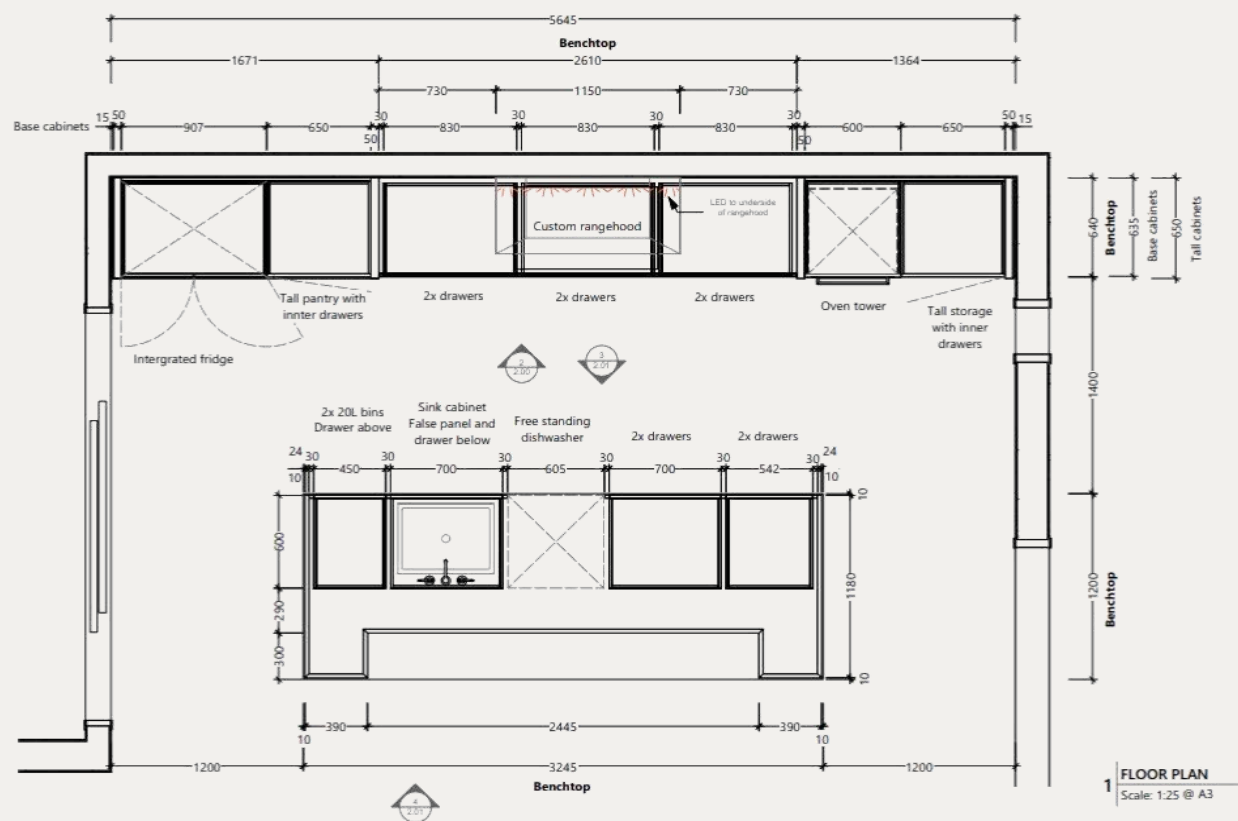

Cabinetry: Traditional inset-frame fronts

Surfaces: Substantial stone benchtops and splashback

Rangehood: Custom modern-traditional detail

Kitchen design

THE HOME

A generous island kitchen with traditional inset-frame cabinetry, custom rangehood, tall pantry and oven tower, arranged around a 5.6 metre run of benchtop.

Perrin & Rowe Parthian Sink Mixer

1 HOLE MIXER WITH SINGLE PORCELAIN LEVER TAP & SPRAY RINSE

A traditional bridge-style kitchen mixer with porcelain lever handles and a separate spray rinse. Its classic proportions add character to the kitchen and provide a considered contrast to the more contemporary cabinetry and stone.

Miele H 2457 B Oven

BUILT-IN OVEN

A sleek built-in oven in Miele's understated black glass finish. Simple, functional and well-proportioned, it offers a refined look while providing the capacity and performance needed for everyday cooking and entertaining.

Miele KM 7574 FL Induction Cooktop

INDUCTION COOKTOP

A wide 4-zone induction cooktop with a clean, minimal surface and intuitive controls, combining fast, responsive cooking performance with the crisp, uncluttered aesthetic of a contemporary kitchen.

Materials

Timber, natural stone and painted textured surfaces selected for warmth and durability.

Bathroom detailing

SELECTED FINISHES

MAIN BATHROOM – VANITY AND FULLY TILED SHOWER

Bathrooms combine natural stone tiling, 100 x 100 gloss ceramic tiles and painted bandsawn-ply detailing, finished with custom vanities, built-in storage and polished chrome tapware.

Chambole limestone from Designsource, in tumbled freelengths – soft, layered grey and warm stone tones with a relaxed, aged character.

Thermostatic shower system

OVERHEAD SHOWER WITH HAND SHOWER

Soft, enveloping spray: Fine PowderRain droplets and a generous overhead shower create a gentle, relaxing shower experience.

Consistent comfort: Thermostatic control maintains a steady water temperature, with a 40°C safety stop to help prevent accidental temperature increases.

Easy personalisation: Choose between three hand shower spray settings at the touch of a button.

Flexible positioning: A height-adjustable hand shower and swivelling overhead arm suit different users.

Simple cleaning: Rub-clean nozzles make limescale and dirt easy to remove.

Bathroom vanities & tapware

SELECTED FINISHES

Custom vanities with twin two-door cabinets and an undermounted sink, set beneath wall-mounted tapware and a framed mirror.

Cabinetry: Twin two-door cabinets with an undermounted sink

Tapware: Wall-mounted, beneath a framed mirror

Base: A proud plinth grounds the joinery within the room

Perrin & Rowe Langbourn wall-mounted basin mixer

MODERN SPOUT & METAL LEVER TAPS

The Langbourn lever handles are machined from solid brass and feature a small red and blue dot to indicate hot and cold. They offer a sleek appearance and smooth operation, employing quality ceramic disc valves.

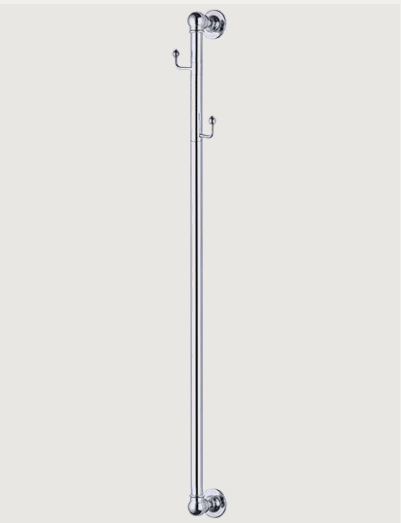

All Perrin & Rowe taps feature excellent quarter-turn German made ceramic disc valves for many years of accurate and effortless use.

SELECTED FINISHES

Bathroom accessories

SELECTED FINISHES

Bathroom accessories are selected in polished chrome to match the tapware, with each piece chosen for its simple, enduring form.

Hawthorn Hill ornate vertical robe warmer

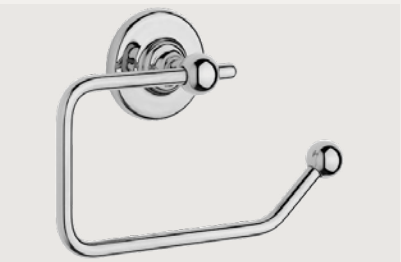

1100MM

Hawthorn Hill vertical robe warmers provide an innovative way to warm your bathrobes and towels. The robe warmer consists of a heated vertical pole with two hooks that can be positioned to your preference around the pole, and is attached to the wall at top and bottom with decorative wall mounts.

Perrin & Rowe towel ring

POLISHED CHROME

The Water Monopoly Rockwell paper holder

POLISHED CHROME

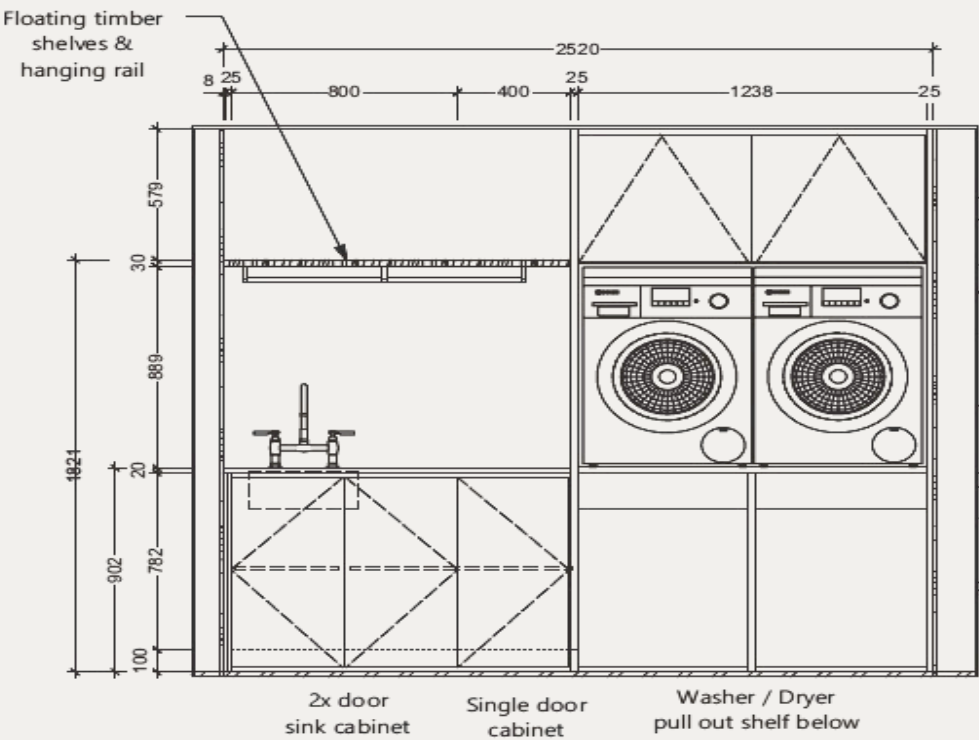

Custom laundry

SELECTED FINISHES

A fully fitted laundry with single-door and twin-door sink cabinets beneath a benchtop, floating timber shelves with a hanging rail above, and dedicated elevated space for a washer and dryer.

- Cabinetry:** Single-door and twin-door sink cabinets
- Shelving:** Floating timber shelves with hanging rail
- Appliances:** Washer and dryer beneath the benchtop not included

Walk-in wardrobe

SELECTED FINISHES

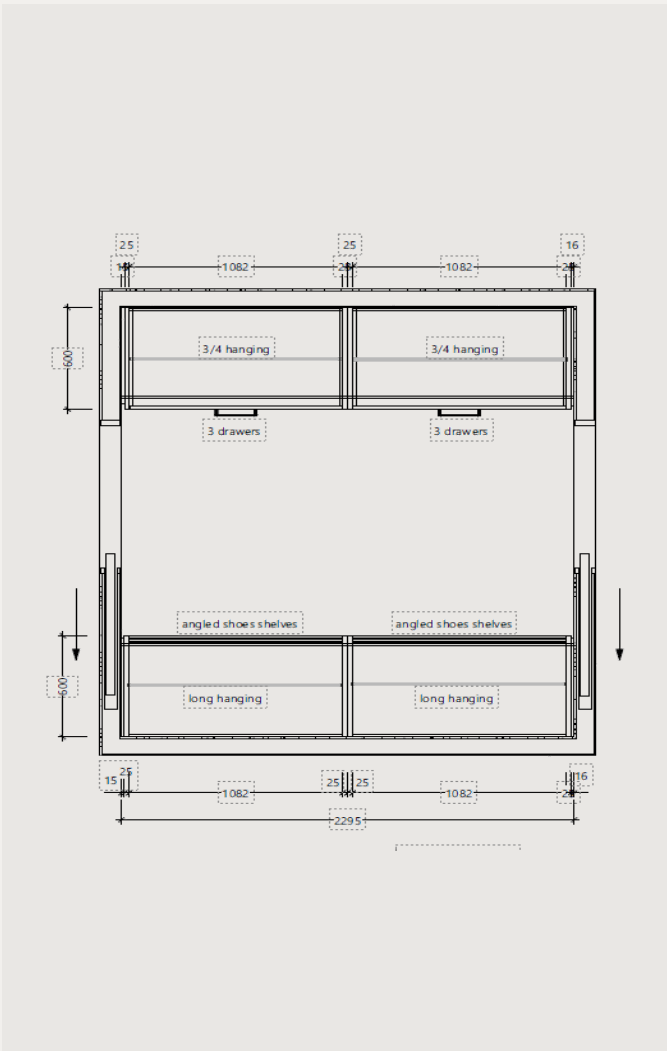

A fully fitted walk-in wardrobe with three-quarter hanging above banks of drawers on one side, and long hanging with angled shoe shelves opposite.

Hanging: Two 3/4 hanging bays and two long hanging bays

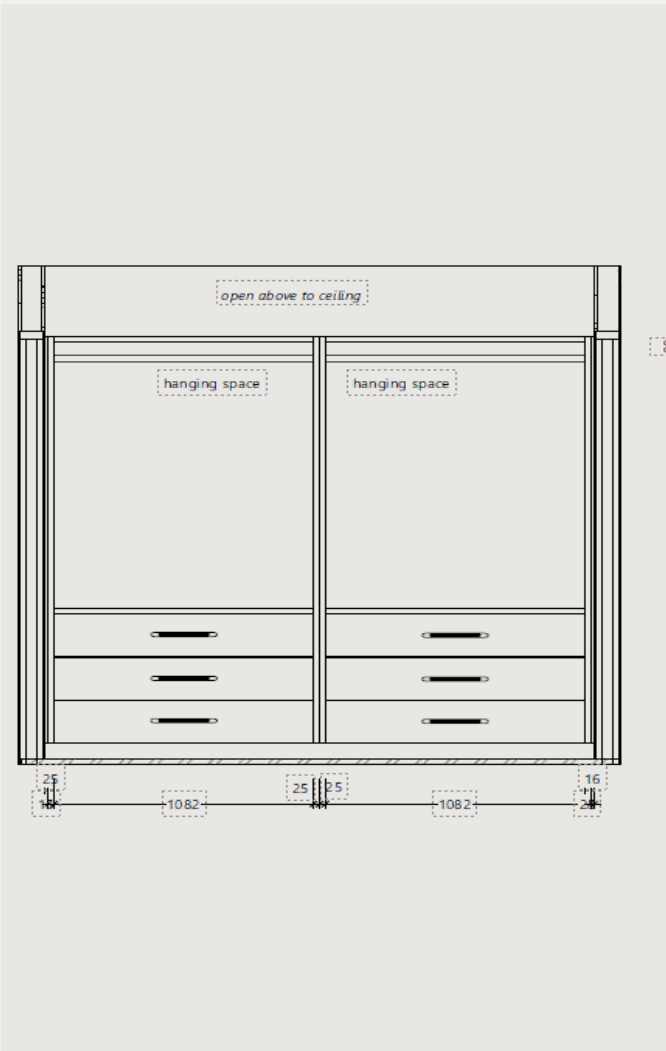

Storage: Two banks of three drawers

Shoes: Angled shoe shelves beneath long hanging

PLAN

ELEVATION

Entry Foyer

SELECTED FINISHES

Seating and wall coat rack

Seating: Solid oak bench seating with T&G oak back and side panels with timber capping

Coat rack: Oak wall coat rack to 3 sides

Storage: Shaped vertical support to bench seating to leave space for basket storage

Finish: Final stain and finish to be confirmed by interior designer

Fireplace

SELECTED FINISHES

An Escea DFS940 freestanding gas fireplace anchors the living space, set within custom cabinetry and feature shelving shaped to the raking ceiling.

Doors, panels and cabinet benchtops: Prime Art veneer with bandsawn finish. Doors to overlay the toe kick and the top edge of the oak. Custom stain to interior designer's specification. 50mm mitred vertical panels shaped to follow raking ceiling

Toe-kick: To match cabinetry

Feature shelving: Oak shelving with custom design detailing to front edges, stained to match cabinetry

Interior finish to base cabinets: 16mm Gaboon plywood to cabinetry interior with clear matte finish

PHOTO ABOVE SHOWS THE ACTUAL FIREPLACE. RENDER SHOWS CABINETRY DETAIL ONLY – TV NOT INCLUDED.

Lift

SELECTED FINISHES

A Magic Carpet lift connects both levels of the home, making everyday living effortless now and into the future.

MAGIC CARPET RESIDENTIAL LIFT

Ease of use

Operation is controlled by easy to use push buttons on the handrail and at every landing.

Economy and reliability

Water and power usage is negligible and the lift requires very little maintenance.

Quiet operation

The recirculating water hydraulic system provides a quiet, smooth and reliable ride.

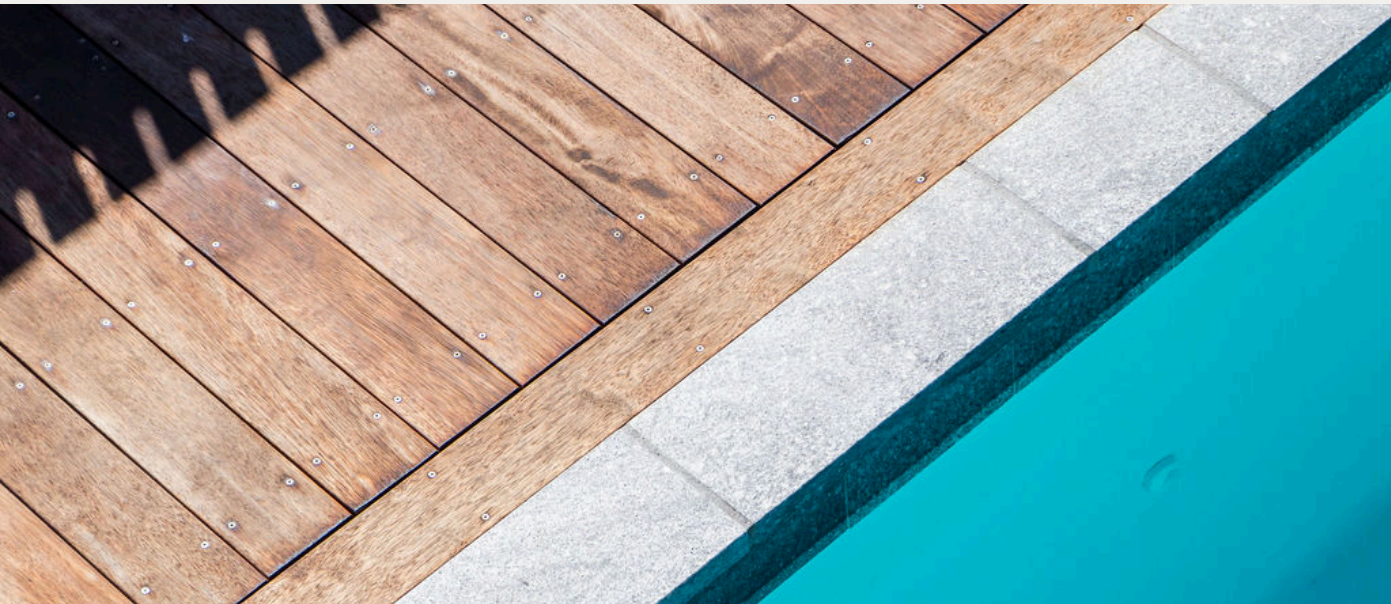

Safety

A base supported, one piece ram design ensures maximum safety. The low-voltage electrical system has automatic battery back-up allowing for descent at all times, with electro-mechanically interlocked doors and emergency opening from inside and outside the lift.

SELECTED FINISHES

Pool

SELECTED FINISHES

In ground pool

6.5M x 3M x 1.8M

An elegant swimming pool designed for modern sections – trimmed back on size but not on functionality, with modern, stylish lines and long hot summer days in mind. Designed for family entertainment and relaxation.

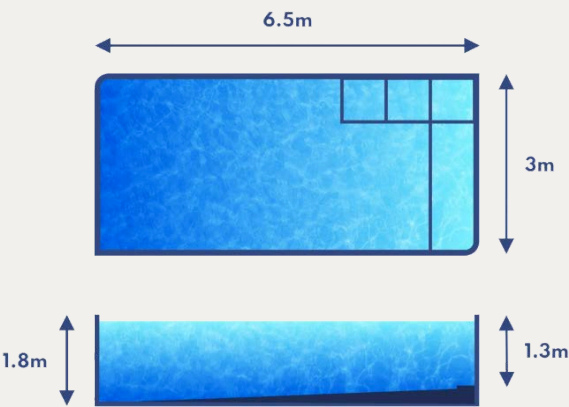

Stylish, crisp, clean lines to suit most landscape designs

Large corner entry steps

Wide bench seat for safety and relaxation

Gradual depth for fun, games, learning to swim and wading

Safety toe rail, non-slip steps, bench and floor

Everything you need to know

What is the price guidance?

Price guidance is available on request. Please contact Thorne Group for the latest information.

When will the home be completed?

Construction is currently underway, with completion anticipated in mid 2027. We will keep interested parties updated as the build progresses.

Does the home have its own title?

Yes. The home is on a separate freehold title, with no body corporate.

Can I secure the home before construction is complete?

Yes. The home can be purchased while it is under construction, providing certainty before completion. Payment of a 10% deposit is required, to be held in Solicitor's Trust account until settlement, with the balance paid at settlement once the home is complete and Code Compliance has been issued. The deposit, conditions and settlement arrangements will be agreed as part of the Sale and Purchase Agreement.

Can I make changes to the interior finishes?

This will depend on the stage of construction and whether the relevant materials have already been ordered or installed. Where practical, there may still be an opportunity to select or personalise certain finishes. Any requested changes would need to be reviewed and priced before being confirmed.

What is included in the purchase price?

The home will be completed with the appliances, fixtures, fittings and finishes detailed in the final specification schedule. A full inclusions list will be available with the Sale and Purchase Agreement.

Can I view the home during construction?

Site visits may be arranged by appointment at appropriate stages of the build. For safety reasons, all visits must be coordinated with Thorne Group and accompanied by a member of our team.

Is there a lift?

Yes. A lift connects the garage and lower level to the main living floor, ensuring the home remains practical and accessible through every stage of life.

What warranties will be provided?

The home will include the relevant product and Master Build Structure and Workmanship warranties, together with the statutory protections applying to a new residential build. Full warranty information will be provided before settlement.

How can I receive further information?
